CERTIFICATE OF INSPECTION

Duplicate of Number 73

This is to certify, That on the 12th day of October, 1923, we examined the Nursery Stock of Bountiful Ridge Farm and Nurseries, growing in their nurseries at Princess Anne, County of Somerset, State of Maryland, in accordance with the laws of Maryland, 1898, Chapter 289, Section 58, and that said nurseries and premises are apparently free, so far as can be determined by inspection, from the San Jose Scale, Peach Yellows, Pear Blight and other dangerously injurious insect pests and plant diseases.

This Certificate is valid until September 1st, 1924, unless sooner revoked, and does not include nursery stock not grown within this State, unless such stock is previously covered by Certificate and accepted by the State Entomologist and State Pathologist.

ELMER M. CORRY, State Entomologist.

C. E. TEMPLE, State Pathologist.

Descriptive Price List

of Choice one and two year old Apple Trees for Spring of 1924. Trees guaranteed true to name and free from disease; as good and as well grown as can be produced.

Our location and soil conditions for the production of good strong thrifty well-grown trees, is unsurpassed; while our knowledge of the business covers a period of over 40 years. We know how to produce the kind of trees best suited to the planter's purpose.

A trial order will certainly convince you. Orders should be made up and sent in as early as possible, as it gives the buyer a better opportunity to secure just the variety he wants.

HOW TO REMIT:

Either by Registered Letter, P. O. Money Order, Certified Check or regular Bank Draft. Liberty Bonds of all series accepted at face value.

SUBSTITUTION—We never substitute, not even when requested to do so. We have found it unsatisfactory and as our business is conducted absolutely on an honorable, fair and square basis, we will not assume the responsibility of making any substitution.

PLANTING SEASON

There is no time for planting quite so good as from the 20th of February to the 20th of April, and if you place your order with us early we are sure to get your trees to you during this period.

TERMS—Cash with order, or if one-half the amount is sent with order, will ship C. O. D., balance payable upon arrival of shipment.

PACKING—All boxing and packing done free of charge, at prices quoted for stock in this price list.

PARCELS POST—From five to twenty-five one year old Apple Trees, 3 to 4 feet, can be sent safely by Parcels Post. When so desired will forward that way, Parcels Post charges to be paid by purchaser.

NOTICE—The growing of select Apple and Peach Trees is our specialty, and for Spring planting we have nothing to offer but Apple trees, being sold out of Peach, Cherry, Plum and Pear Trees.

Meyersdale, Penna.

The Bountiful Ridge Nurseries,
Gentlemen:

The Trees you shipped me came in splendid condition and are very fine, strong, thrifty, vigorous trees. They are all that any one could ask for as good sturdy, well-grown trees for the orchard,

Yours Truly,
S. B. PHILSON, President of The Citizens Nat'l Bank

Romney, W. Va., Dec. 26th, 1923.

Bountiful Ridge Nurseries,
Princess Anne, Md.

Dear Sirs:

The Box of trees arrived and my foreman says are very fine and in splendid condition,

Yours very truly,

G. P. MILLER,

Note:—Mr. Miller is one of the large orchardists in W-Va., an expert grower of apples and one of the pioneers in the orchard business in that state.

Descriptive List of One and Two Year Old Apples

APPLE TREES

The price of apples is always high and it seems impossible for growers to supply the demand. It is the healthiest of all the fruits. Its seasons of ripening extends throughout the entire summer and fall months. It is also possible to have them the year around. For spraying instructions, consult your County Agent or Experiment station in your State.

SMOKEHOUSE. Fruit medium to large, uniform size and shape. Color yellow or greenish mottled with rather dark red, sometimes deepening to a solid bright red. October to March.

ROME BEAUTY. Large; roundish, slightly conical, with bright red on pale yellow ground; fine grained, juicy, good quality.

KING DAVID. Early winter. A heavy annual bearer of medium size, dark red apples.

PARAGON (Mammoth Black Twig). Winter. A round apple, of extra-large size; skin smooth, yellowish, covered with deep red, the general effect being dark red; flesh tender, tinged with yellow, crisp, sub-acid aromatic, of excellent quality in every way. Tree is vigorous and health and yields big crops every year.

STAYMEN'S WINESAP. November to April, but keeps well in May. A profitable sort to grow for market, and the best for home use. Large in size, fine appearance, good flavor, juicy and crisp, color red. A great success.

YELLOW TRANSPARENT. Fruit medium to large, with a brilliant waxy skin; flesh is tender, crisp and juicy, color yellow. Summer apple growing offers a large profit to the fruit grower, and the Yellow Transparent is the variety to plant.

McINTOSH. Medium size, nearly covered with a bright red flesh yellowish, tender, juicy, sub-acid. October to February.

RED ASTRACHAN. Large, nearly covered with deep crimson, juicy, rich, acid, beautiful. Tree a vigorous grower. A good bearer. August.

YORK IMPERIAL. A very good one, trees come into bearing early, and bears a good crop each year. Skin bright yellow covered with bright red and striped, very large. Suitable to any part of the country.

WINESAP. Medium to large size. Red color; flesh yellow; firm crisp, with rich flavor quality very good. November to May.

JONATHAN. Most beautiful of all apples. Season November to April. Fruit medium to large, roundish, yellow nearly covered with red, fine grained, tender and finely flavored.

MAIDEN BLUSH. One of the most beautiful; pale lemon with crimson cheek; flesh white, tender and crisp. October.

DELICIOUS. Winter apple. Keeps well, color red and yellow, fine grained, and quite juicy, flavor slightly acid, but very good. A good apple for either home use or market.

BALDWIN. Large, roundish, skin deep red; flesh juicy, crisp, sub-acid, good flavor; very vigorous and productive. The best all-around winter apple for New England and Northern states. Splendid keeper. December to March.

WEALTHY. Fall. Almost solid red. Flesh white, tender, crisp, juicy, fine grained. A good keeper.

WINTER BANANA. Size large, golden yellow and beautifully shaped with bright crimson red. Flesh lemon yellow, fine grained, sub-acid, rich, aromatic flavor. Season November to January.

GRIMES GOLDEN. Very large, skin golden yellow; flesh tender and crisp. A very good fall apple. September to January. Grown in all sections of the country.

DUTCHESS. Very hardy grower, fruit medium size, red striped, the bright red is shaded with crimson. A very good early apple.

TOLMAN'S SWEET. A splendid winter sweet apple. Color yellow, good cooking apple, bears when young.

NORTH WESTERN GREENING. A fine large winter apple of most excellent quality and a good keeper. Should be in every selection.

"PLANT A BOUNTIFUL RIDGE T"

M. O. PIPPIN. Belonging to the Pippin family. A good keeper of most splendid flavor. An annual and abundant bearer.

BLACK BEN DAVIS. Far superior to the Old Ben Davis. A Beautiful apple. Wonderful fruiter. Good keeper and of good quality.

CHENANGO STRAWBERRY. An apple of most delicious bavor. One of the very good ones of its season. August and September.
